

## ***Family Service & Guidance Center of Topeka Experiences Unheard of Success with ECCHIC***

The Family Service & Guidance Center of Topeka is steadfastly dedicated to their mission of providing behavioral health care for children and families, while offering professional training opportunities in an environment committed to quality, innovation, and effective outcomes. Because the individuals at the Family Service & Guidance Center are extremely serious and passionate about their mission, Rhonda Brown, HR Director, decided they needed a health insurance plan that is as hard-working and diligent as them. In 2004, this employee group found just what they were looking for, began their relationship with Howard Danzig and the ECCHIC team, and have been satisfied ever since.

The **ECCHIC** Group has been providing solutions for *Employers Committed to Control Health Insurance Costs* since 1989. Their cost-management methods have stabilized insurance rates for dozens-and-dozens of public and private groups, ranging in size from two employees to hundreds of employees, saving them hundreds-of-thousands of dollars.

"We have had no changes in the four years we have been with **ECCHIC**," remarked Brown. She continued, "We actually did enhance our health benefit in August 2007 by adding a Wellness Benefit where the employees can have one wellness physical at a \$20 co-pay per plan year. The premiums have stabilized." In today's world of health insurance, remaining at the same rates for four years with uniform benefits and no changes to the plan except an enhancement is almost inconceivable.

Rhonda Brown commends the **ECCHIC** group for displaying their immense value and indispensability to her employees throughout the past four years. In recommendation for companies and organizations interested in the **ECCHIC** plan, Brown advises, "Really take time to listen to the program." She goes on to explain, "Our agency was tired of having a 15% or more premium increase every year. The program has proven itself to our agency even though we have had some high claims."

Utilizing the **ECCHIC** plan has many advantages, and Brown discussed a few of the aspects that continue to exceed her expectations. "I receive a phone call from **ECCHIC** every month checking to see if we are having any problems. They will respond quickly if there is a problem," boasted Brown. "Another attribute is that the plan is the agency's plan, and the agency can make changes and adjustments to the plan as needed."
